The Making of

ROUNDABOUT

The Making of Roundabout

Hello! Welcome to this fun little book about how the game Roundabout was made! Inside you'll find the complete original script for our FMV shoots, as well as concept art, early screenshots, as well as development stories and photos.

Roundabout was made by the two person team that is No Goblin.

Dan Teasdale handled all of the complicated code and math stuff. He's super smart! His comments throughout the book will be on dark blue flags.
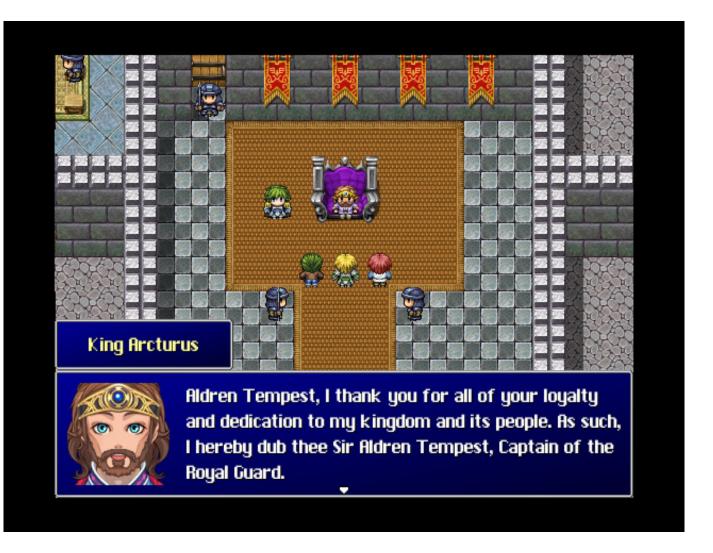

Panzer was in charge all of the art and visual direction in the game! She's super talented! Her commentary will be on light gray flags, like this one!

We put a lot of hard work and love into our game, so I hope you enjoy seeing how it happened!

With love,

NO GOBLIN

King Arcturus

Aldren Tempest, I thank you for all of your loyalty and dedication to my kingdom and its people. As such, I hereby dub thee Sir Aldren Tempest, Captain of the Royal Guard.
